## Learn Truck Dispatch. Work With USA & Canada Companies

At B2B Campus, we bring years of industry-focused training experience to help learners build successful careers in the logistics and transportation sector. Recognized as a reliable and results-driven training institute, we specialize in Truck Dispatch Training that prepares students for real-world global dispatch operations.

Our training is designed with a practical, hands-on approach, covering live load booking, dispatch software, communication skills, compliance basics, and real-time dispatch scenarios. We offer both online and offline learning options, making it easy for students, job seekers, and entrepreneurs across India to learn at their convenience.

Whether your goal is to work with USA and Canada-based logistics companies or start your own truck dispatch business, B2B Campus provides the skills, guidance, and industry knowledge needed to succeed and earn in USD.

# Start Your International Truck Dispatch Career

At B2B Campus, we go beyond theory. Our Training is designed to prepare you for real Truck Dispatch operations with practical learning from day one

## 100% Practical Training

Learn using real dispatch software, live load boards, and hands-on dispatch simulations to gain real industry experience.

## Expert Trainers

Get trained by seasoned industry professionals who bring years of practical knowledge in international logistics and dispatch operations.

## USA & Canada-Focused

Receive specialized training tailored to work with USA & Canada truck dispatch companies, allowing you to earn in USD from home.

## Job & Freelance Support

We don't just teach; we guide you toward job placements, freelance dispatch roles, or setting up your own independent dispatch business.

# Training Program Highlights

We provide a comprehensive learning experience that bridges the gap between theory and real-world application.

## Real Dispatch Tools

Hands-on training with industry-standard load boards (DAT, Truckstop), TMS software, and GPS tracking systems.

## Live Simulations

Participate in role-play scenarios involving negotiation, crisis management, and real-time problem solving.

## Communication Skills

Master professional communication techniques for interacting effectively with drivers, brokers, and shippers.

## Compliance Training

In-depth understanding of Hours of Service (HOS), DOT regulations, and safety protocols for USA & Canada.

# Truck Dispatch Skills You Will Learn

Our Training Covers All Essential Technical And Communication Skills Needed To Work Confidently With USA & Canada Dispatch Companies.

01

## Truck Dispatch Operations

Understand the daily role of a truck dispatcher and how to manage trucks, drivers, and shipments efficiently.

02

## Freight & Load Management

Learn to find, book, and manage freight using load boards and broker networks for profitability.

03

## Driver & Fleet Coordination

Assign loads based on availability, location, and Hours of Service to keep operations smooth.

04

## Compliance & Regulations

Gain knowledge of HOS rules, transport laws, and safety standards in USA & Canada logistics.

05

## Route Planning & GPS

Plan fuel-efficient routes and track trucks in real-time using advanced GPS dispatch systems.

06

## Dispatch Technology

Work hands-on with TMS software, load boards (DAT, Truckstop), and tracking tools.

07

## Customer Service

Develop strong communication skills to negotiate with brokers and assist drivers professionally.

08

## Billing & Documentation

Manage essential paperwork including BOLs, rate confirmations, invoices, and delivery records.

# Key Components Of Customs Clearance

At B2B Campus, students are trained to understand the complete customs clearance process, which is essential for smooth international freight and logistics operations

## 01 Documentation Preparation

Prepare commercial invoices, packing lists, BOLs, and certificates of origin required for clearance.

## 02 Customs Declarations

File declarations with correct HS codes, product descriptions, and declared values to authorities.

## 03 Duty & Tax Calculation

Calculate applicable import duties, tariffs, and taxes based on classification and country of origin.

## 04 Compliance With Regulations

Ensure shipments adhere to local import/export laws, safety standards, and restrictions.

## 05 Inspection & Verification

Goods may undergo physical inspection to verify documentation accuracy and prevent smuggling.

## 06 Release Of Goods

Official release of shipment for final delivery after all checks are completed and duties paid.

# Job Opportunities After Training

From working with global logistics giants to starting your own business, explore the diverse career paths available to you.

01

## Truck Dispatcher

Coordinate and manage freight movement, assign loads to drivers, communicate with carriers, and ensure timely delivery of goods.

02

## Freight Broker Agent

Act as a link between shippers and carriers. Book loads, negotiate freight rates, and earn commissions as a freelancer.

03

## Logistics Coordinator

Oversee supply chain operations including dispatching, inventory tracking, route planning, and customer service for firms.

04

## Remote Dispatcher (USA/Canada)

Work online with North American trucking companies from India. Handle dispatch using load boards while earning in USD/CAD.

05

## Fleet Manager Assistant

Support fleet managers by maintaining vehicle records, tracking driver schedules, monitoring fuel usage, and dispatch planning.

06

## Customer Support Executive

Provide assistance to clients and drivers by resolving shipment queries, tracking deliveries, and ensuring smooth communication.

07

## Owner-Operator Dispatcher

Offer freelance dispatching services to independent truckers or small fleet owners in the USA/Canada managing end-to-end loads.

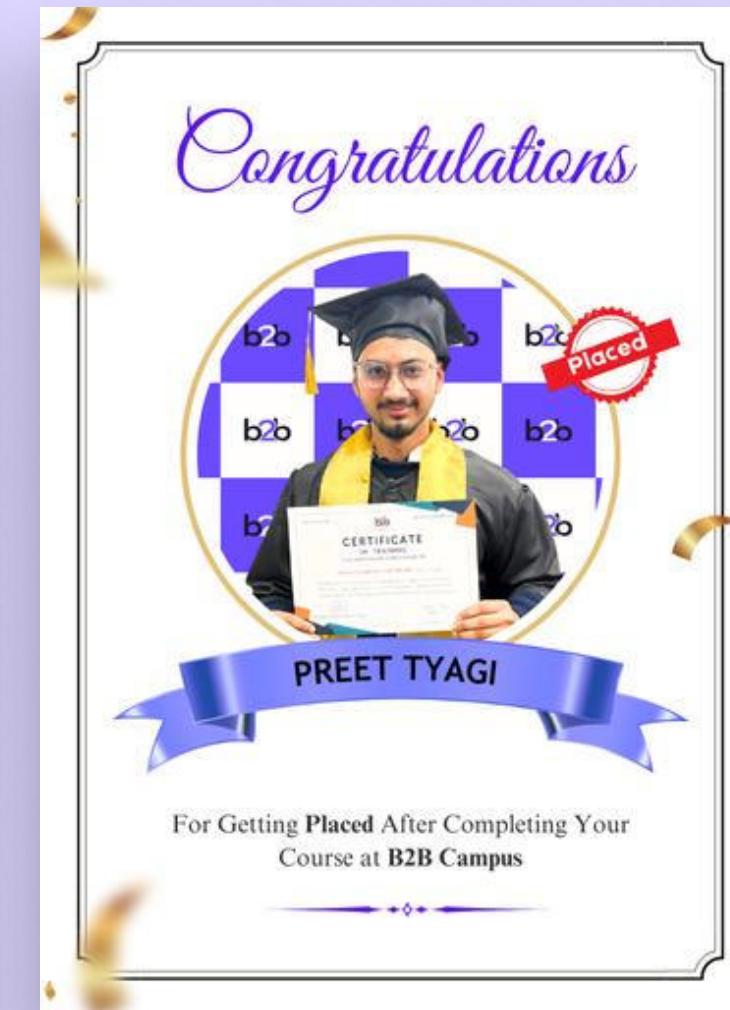

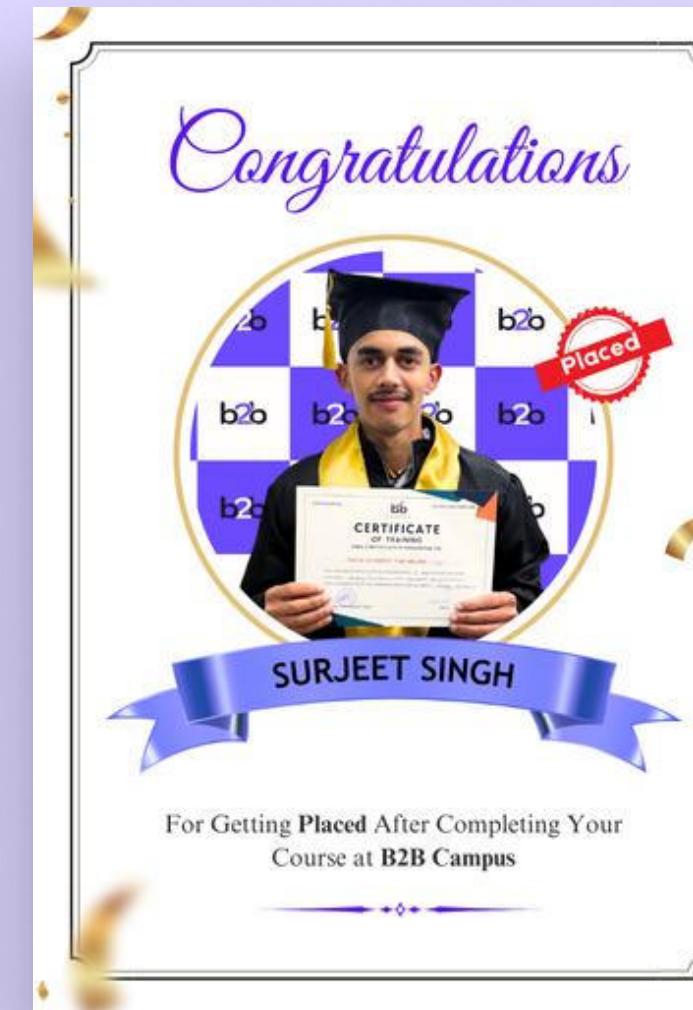

08

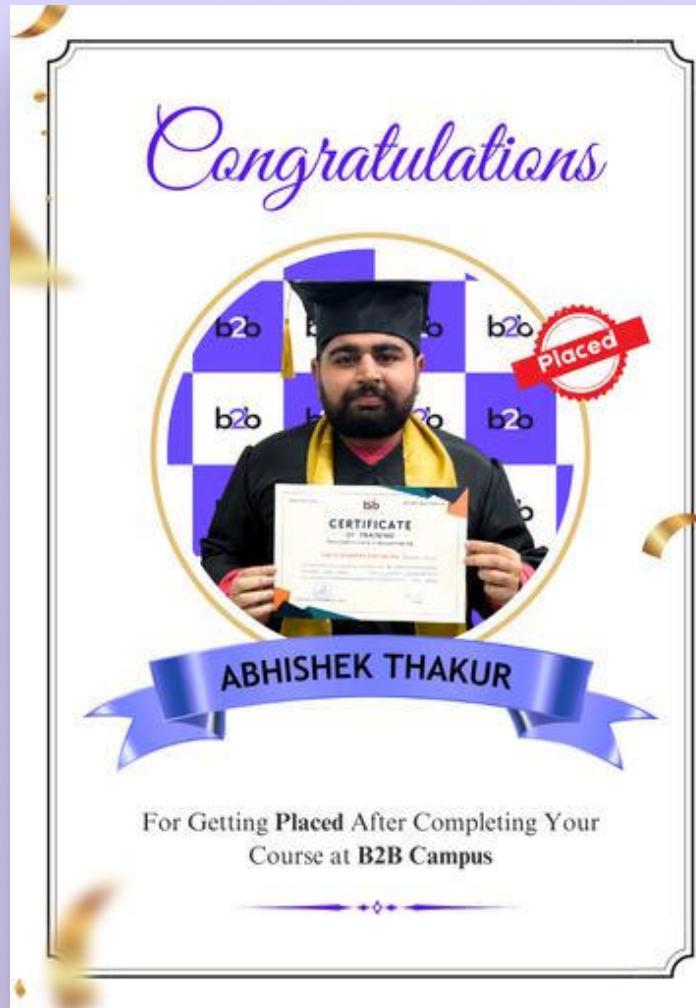

## Entrepreneur - Start Agency

Launch your own dispatch service business from home. Build a network of drivers and clients and offer third-party dispatch services.

# What Our Graduates Say

Real feedback from students who have transformed their careers with our Dispatch Training.

**RS****Rahul Sharma**  
GRADUATE

I joined the Truck Dispatch course at B2B Campus with no experience. Teachers explained everything very clearly. I learned how dispatch works in USA. Now I feel confident and ready to work with dispatch companies.

**NV****Neha Verma**  
GRADUATE

B2B Campus made truck dispatch easy to learn. Classes were practical and simple. Trainers helped me understand load booking and driver communication. I am very happy I chose this course for my future career.

**AS****Aman Singh**  
GRADUATE

The Truck Dispatch course at B2B Campus is very good for beginners. Trainers are friendly and supportive. I learned about routes, load boards, and rules. This course gave me confidence to start working.

**PP****Pooja Patel**  
GRADUATE

I had no knowledge of trucking before joining B2B Campus. Everything was taught step by step. I learned dispatch software and communication skills. The course helped me understand USA truck dispatch work easily.

**RS****Rohit Kumar**  
GRADUATE

B2B Campus provides very useful truck dispatch training. Classes are easy to understand and full of practical examples. Trainers always help when we have doubts. I am proud to complete this course.

**RS****Sneha Iyer**  
GRADUATE

Learning truck dispatch at B2B Campus was a great experience. The training is simple and clear. I learned about loads, drivers, and customer support. This course helped me plan my career confidently.

# START YOUR TRUCK DISPATCH CAREER TODAY
